Dear Colleagues,

I have a great pleasure in inviting one and all of you to 14<sup>th</sup> Edition of Expodent Mumbai on 05<sup>th</sup> and 06<sup>th</sup> October 2024. Modern management speaks about “re-inventing oneself”, which basically means that one has to be dynamic and keep pace with the times, since remaining static is nothing but going to seed and into oblivion. This is precisely the philosophy of ADITI. **“Keep growing, disseminate the current industry trends and partner the growth and development of all”.**

To keep track of the present day scenario get acquainted with them, engage with industry experts and transfer the information to everybody at large is no easy task. But that is the motto of ADITI. With increased awareness about oral hygiene and well-being among both layperson and dental professionals, there is robust expansion in the field with emphasis on technology in preventive, cosmetic and conventional dentistry. This is not to discount the importance of the human touch in diagnosis and treatment.

Showcasing the state of art developments in dentistry, providing a platform for professional interaction, particularly in the background of the **“Make in India”** initiative of the Indian Government, ADITI welcomes you all to this annual event. “Come, See, Learn and Grow”. Remember to book your slots for the exhibition early so that you get the vantage points. Looking forward meeting you.
